PCVUE ACADEMY

Master our PcVue platform!

PCVUE WEB LEARNING ACADEMY

Are you looking for a way to maximize
your organization's learning potential?

PcVue offers an online Learning Platform for anyone interested in learning how to master our PcVue platform!
With tailored training courses adapting to your progress and needs and a catalogue of trainings for all levels and areas of activity, our PcVue online platform provides significant advantages.

BENEFITS

ALLOWS YOUR TEAM TO PRIORITIZE THEIR WORKLOAD

Your learners can incorporate learning into natural lulls in their working day rather than dropping everything to be in a certain place at a certain time.
Our platform also provides powerful tools to help you evaluate and improve the quality of your learning content. With our analytics and reporting capabilties, you can quickly identify areas of improvement and target them with the right resources.

SAVES MONEY

No need to hire instructors and rent classrooms, PcVue Academy is a cost- and time-saving tool providing a more manageable and predictable cost structure.
It also eliminates the need to schedule and manage multiple classes, as well as the associated costs of travel and other expenses

CERTIFICATES TO PRO-MOTE YOUR SKILLS

Give clients peace of mind in the services you provide and prove you are dedicated to continually improving and expanding your skills.
A training certificate is a great asset to showcase your commitment to staying abreast of the latest PcVue features and can help you stand out from competitors who have not pursued additional training.

ALWAYS-ON TRAINING

With our PcVue Academy, everything is available 24/7. This can be especially helpful for new hires. You don't have to wait for a training date or a full class to take the training.

You can also access our chat and forum that are available to exchange with other learners as well as our team of internal trainers and experts!

EASY ACCESS TO INFORMATION

All of the information is structured in an organized way in the same place, making it accessible to all users. Courses, calendars, multimedia contents, archives and evaluations are accessible in just one click. All learners have access to learning content and materials at any time and from any place with an internet access. Even if they are faraway or have a different time zone, users can log in to their account and begin understanding and participating in lessons without limitation.
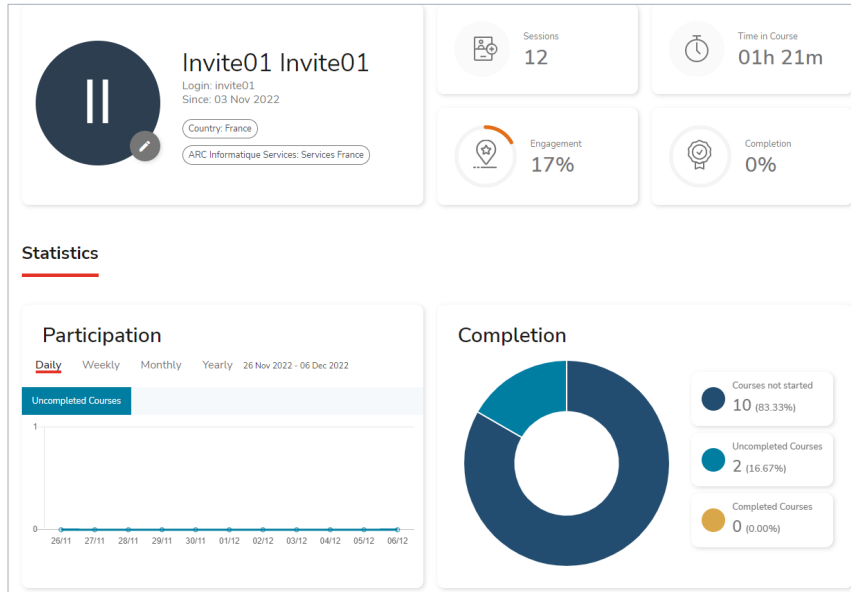

TARGET YOUR VERTICAL WITH ACADEMY PATHS!

Because each vertical has its own specific technical needs our PcVue Academy offers also dedicated path for Energy, BMS, Water activities. Trainees will have access to a full set of customized PcVue training parts that will be focused on their vertical which guaranties a better efficiency in the development phases.
